

SAP Business One Cloud Hosted by SAP Qualified Partner Solutions

September, 2019

INTERNAL | SAP EMPLOYEES AND PARTNERS ONLY

THE BEST RUN 

The following solutions are now **qualified** to run on *SAP Business One Cloud Hosted by SAP*.

VARs currently involved in a sales process for *SAP Business One Cloud hosted by SAP* deals should contact their regional GTM leads for SAP Business One Cloud hosted by SAP to initiate a customer opportunity evaluation (COE). This will entail a review of any additional proposed partner solutions (SSP solutions and/or VAR add-ons) and their suitability to operate in the SAP-hosted Cloud environment.

On top of the technical qualification we have established **Cloud for Industry** Solutions.

Main purpose of this program is to simplify the experience for VARs selling SAP Business One Cloud by building a repository of Cloud Industry Solutions.

- SAP defines the Solutions with involved partners to make them ready to consume by VARs
- SAP builds ready-to-execute campaigns with partners.
Those marketing materials can be downloaded via the [Virtual Agency](#) on SAP PartnerEdge
- Brochures for those solutions can easily be created online via the [Brochure Generator](#)
